

## FORTHCOMING EVENTS

9 March 2013

### **FEBVS Exam 2013**

The next Fellow of European Board of Vascular Surgery exam will take place on 9 March 2013.

Venue: Maastricht, the Netherlands

10–12 March 2013

### **European Vascular Course (EVC)**

Venue: Maastricht, The Netherlands

Contact: rogerpeters@live.nl

12–13 March 2013

### **Vascular Ultrasound Course**

10 CPD point RCR accreditation.

This course covers the application of ultrasound techniques in the investigation of abdominal, extra & intra-cranial and peripheral vasculature. The emphasis will be on practical hands-on workshops using a range of ultrasound systems and there will be opportunity to use a limb phantom for training in ultrasound monitoring of EVLT procedures.

Venue: Birmingham, UK

Contact: The Secretariat, info@wessexscientific.com

4–5 April 2013

### **ESVS Thoraco-Abdominal Aneurysm Course**

Venue: St Mary's Hospital, London

Contact: training@esvs.org

6–9 April 2013

### **35th Charing Cross International Symposium**

Venue: Kensington Olympia, London, UK

8–10 May 2013

### **ESVS Hands-on Workshop on Vascular Ultrasound**

Venue: Hospital Universitari de Bellvitge, Barcelona, Spain

Contact: training@esvs.org

8–11 May 2013

### **10th International Symposium on Endovascular Therapeutics**

Reduced registration for ESVS and EVST members.

Venue: Congress Palace of Catalunya, Barcelona, Spain

9–11 May 2013

### **ESVB 2013**

Endovascular Symposium of Vascular Biomaterials, new endovascular technologies.

Venue: The Hilton Hotel, Strasbourg, France

10–11 May 2013

### **8th European Symposium of Vascular Biomaterials (ESVB)**

- All around the SFA
- Ascending aorta/aortic arch
- Intraluminal navigation
- Education on new technologies
- NEW: Experts interactive sessions

Venue: Hilton Hotel, Strasbourg, France

Website: www.esvb.net

18 May 2013

### **Carotid Ultrasound Course**

6 CPD points RCR accreditation. This is a one-day training course on the application of duplex and colour ultrasound techniques in the investigation of the extracranial and intracranial vasculature. The programme will include the following topics: basic principles of imaging; haemodynamics and Doppler techniques; investigation of extracranial and intracranial arteries; post endarterectomy imaging; artefacts and errors.

Venue: Royal Society of Medicine, London, UK

Contact: The Secretariat

Email: info@wessexscientific.com

23 May 2013

### **Pre-Symposium Hands-on Course:**

#### **Open repair of thoracoabdominal aneurysms**

Doctors: 200€, Trainees: 150€, ESVS members: 120€.

For members of EVST 20 free registrations for LIVE 2013 (General Registration) symposium will be offered on a first come first served basis.

Convenor: John Wolfe

Venue: The Met Hotel, Thessaloniki, Greece

Website: <http://www.live2013.gr>

23 May 2013

### **Pre-Symposium Hands-on Course: Management of venous thrombosis, chronic obstruction and endovenous VVs ablation**

Doctors: 150€, Trainees: 100€, ESVS members: 100€.

For members of EVST 20 free registrations for LIVE 2013 (General Registration) symposium will be offered on a first come first served basis.

Convenor: Cees Wittens

Venue: The Met Hotel, Thessaloniki, Greece

Website: <http://www.live2013.gr>

23–25 May 2013

### **LIVE 2013**

Venue: The Met Hotel, Thessaloniki, Greece

Website: <http://www.live2013.gr>

24–25 May 2013

**ESVS: Vascular Biology, Materials and Devices**

A NEW venture for the ESVS, which is a meeting to be held in the Spring which will alternate between London and Frankfurt. The structure of the meeting will be very different from the ESVS annual meeting in September:

- It will be a short meeting running from midday on Friday to midday on Saturday.
  - Each of the six sessions will begin with a keynote speaker, and be followed by a number of abstract presentations.
  - The topics will be: Vascular development, regeneration, angiogenesis and arteriogenesis; Genomics of cardiovascular disease and diabetes; Molecular and cellular biology of vascular diseases; Stem cells and tissue engineering; Biologic behaviour of absorbable stents; Biomechanical performance of fenestrated and branched grafts.
- Venue: Goether University Clinic, Frankfurt, Germany

30 May — 1 June 2013

**Rhythm 2013**

Arrhythmias & Heart Failure, New Insights & Technological Advances.

Call for abstracts & posters: Submit your abstract (maximum of 2500 characters or 300 words) before 25 March 2013 to [aberges@rhythmcongress.com](mailto:aberges@rhythmcongress.com).

Call for video cases: Submit your video (maximum length 5 mn) on your experience before 25 March 2013 to [aberges@rhythmcongress.com](mailto:aberges@rhythmcongress.com).

500 EUR for the winner of each category + free registration for RHYTHM 2015.

Venue: Palais du Pharo, Marseille, France

Contact: [aberges@rhythmcongress.com](mailto:aberges@rhythmcongress.com)

7–8 June 2013

**2013 International CME Conference: Good Clinical Research**

MedicReS IC2013 is a postgraduate clinical research meeting for clinical investigators with invited speakers from FDA, NIH, Lancet and MedicReS. In the conference, all participants will have MedCalc Biostatistical Software life-long licence and applied clinical biostatistics course with MedCalc during the conference. Participants will also meet MedicReS 'Good Medical Research', MedicReS Journals, MedicReS Accreditation Programs and all NEW rules and regulations about 'Good Clinical Research'. They will have 'Certificate of Attendance' with International 12 MACMEC Credits.

Venue: Grand Cevahir Hotel & Conference Center, Istanbul, Turkey

9–11 June 2013

**MEET 2013**

Multidisciplinary European Endovascular Therapy  
Venue: Crowne Plaza St Peter's Hotel, Rome, Italy

3–5 October 2013

**XXVIII MLAVS 2013**

Mediterranean League of Angiology & Vascular Surgery  
Venue: Xenia Volou Hotel (Volos) & University Hospital of Larissa (Larissa), Greece  
Contact: [info@mlavs2013.gr](mailto:info@mlavs2013.gr)

7–8 October 2013

**London Cardiovascular Symposium 2013**

In this, its fifth year, The London Cardiovascular Symposium will again focus on important issues faced by busy vascular clinicians in their day-to-day working lives. The informal, interactive style of these meetings is designed to promote the sharing of knowledge and experience with opportunity for all attendees to contribute equally. Liberal inclusion of case reports throughout the programme will exemplify the clinical context of some key discussion points, stimulate debate and be especially instructive for trainees, students, vascular nurses, radiographers and others who care for patients with circulatory diseases. Topics this year will include cerebrovascular disease, lower limb arterial disease, challenges and new developments in DVT and a further in-depth review of the management of aortic pathologies.

A very special feature of this year's programme will be a session on complex aortic disease to be organised in association with Professor Chang Shu of the Chinese Society of Vascular Surgery. Conditions that are common, both in China and in the West will be addressed with presentations by experts from both parts of the world. This initiative was instigated following last year's meeting when it was appreciated just how much we in the West have to learn from the very extensive Chinese experience.

A full programme and booking details will be available on the RSM website shortly.

Venue: Royal Society of Medicine, London, UK

Email: [vascular@rsm.ac.uk](mailto:vascular@rsm.ac.uk)

11–13 October 2013

**Diabetic Limb Salvage**

Techniques, tips & pearls of DLS.

Venue: JW Marriott Hotel, Washington DC, USA

24–25 October 2013

**Sienna Vascular and Endovascular Course - SIVEC**

Venue: Sienna, Italy
